4 In. Square Exposed Work Cover, Raised 1/2 In., 2-GFCI

Catalog #:
809C

FEATURE BENEFIT

Ideal for exposed work environments to support a variety of electrical devices. Our exposed work covers are made from heavy duty, 16-gauge, galvanized steel and come in 19 configurations to fit your needs.

PRODUCT FEATURES

- Exposed work covers include driven screws and break-off lock nuts
- Exposed work covers meet the requirements of the 2020 NEC Article 250.146 (A).
No bonding jumper is required for covers with: (1) Crushed corners (2) Two or more device attachment fasteners that are permanent with thread-locking, screws, or nut-locking means (3) Insulating retaining washer removed for at least one device attachment screw
- Hardware and cover are packed with printed catalog number, compliances and installation instructions

APPLICATIONS

Surface covers are used to support switches or receptacles in areas where the box is surface mounted or positioned in exposed work applications.
