Decora Color Change Kit for Residential Sensors

Decora Residential Grade Sensor Color Change Kit, for use with occupancy, vacancy, humidity sensors and sensor remotes - Black

The Decora Residential Sensor Color Change Kit is designed for an easy, cost effective way to change the color of the occupancy, vacancy or humidity sensor without having to install a new device. It's as easy as removing the current face and snapping on the new color. Available in white, ivory, light almond, black and brown.
