

48A00-1

Omni Security Systems

Brand Features

Omni Wireless Security Sensors not only protect you from intrusion and other hazards, they act as the eyes and ears of your automated home or business. For instance, utilize the sensors to know whether or not a window is open upstairs and have the automation system turn off the HVAC in that area. Utilize a wireless driveway sensor to notify you when a guest has arrived or illuminate exterior lighting.

Item Description

Wireless 4 Button Keyfob

Features and Benefits

- The 4 Button Keyfob may be programmed to control any HAI home control system feature, such as lights, temperatures, macros, and the security features of an Omni family home control system
