

LOCATOR STATUS LIGHT

AALSL6 | [adorne](#)

FEATURES & BENEFITS

USAGE

Perfect anywhere you'd like to avoid searching for your light switch or dimmer switch in the dark.

The adorne Locator Light is a smart addition to our adorne Paddle, Whisper, and Push Switches, making them easy to find on the wall when the lights are off.

The white LED light is illuminated when the light is off and dark when the light is on.

GETTING STARTED

- Time to install: 15 minutes or less.
- Does not require new wires for typical installation.
- This product is meant for use with adorne Paddle, Whisper, and Push Switches and Dimmers. All adorne sofTap, Touch, and Wave products come with the Locator Light as a standard feature.
