

sofTap Dimmer, Wireless Master (Incandescent, Halogen)

ADTP600MMHM2

The sofTap Dimmer is designed with an innovative micro-movement functionality, allowing you to turn lights on and off or dim them with a soft "tap" of the finger.

features & benefits

- This dimmer includes wireless capabilities, allowing you to pair it with a remote wireless dimmer in another location to control a light from two places without rewiring. Must be paired with adorne sofTap Wireless Remote Dimmer. Master dimmer must be wired to light.
- Take your project up a notch by combining your sofTap Dimmer with a sofTap Switch for a beautiful, elegant look.
- Designed to support incandescent and halogen bulbs
- Easy "1-for-1" installation lets you simply replace your existing dimmer with adorne in just minutes.
- Fits in your existing electrical box and does not require new wires for typical installation. Innovative assembly and snap-in system make it fast and simple to install.
- Shown in a magnesium finish. Also available in white.
- Easily customized with adorne wall plates available in a brilliant palette of 32 colors and a variety of luxurious materials.
- Complete your total designer look with options like a stunning adorne Accent Nightlight accessory.
- Your remodel looks like a million bucks. It deserves better than an ordinary light switch. Add that last finishing touch with adorne, a stunning, one-of-a-kind collection of switches, dimmers, and wall plates that will transform your walls from boring to absolutely breathtaking. It's time for a beautiful switch.
