

Charge ahead with the new standard in receptacles.

Plug in to the future with the new P&S USB Charger with Tamper-Resistant Receptacle. Designed to replace conventional duplex receptacles, this powerful 2.1-amp USB port allows users to plug their mobile phones, tablets and other electronic devices into the wall without the need for a bulky AC adapter.

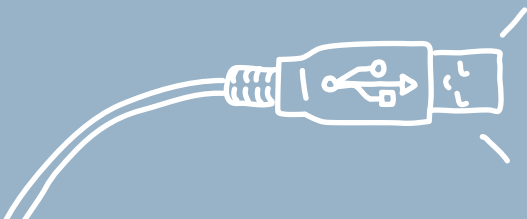

Available in all P&S Decorator colors — including Ivory, White, Light Almond, Black, and Nickel — the USB Charger Combo will meet your customers' need for style, convenience and savings.

With its compact size, the P&S USB Charger with Tamper-Resistant Receptacle installs easily and accepts standard wall plates. Meanwhile, its 15-amp receptacle features the patented P&S Tamper-Resistant shutter system, which keeps everybody safe.

**2.1-amp USB port delivers three
times the charging power of other
USB receptacles.**

TM8USBWCC6

P&S USB Charger with Tamper-Resistant Receptacle

Compact design includes 15-amp Tamper-Resistant receptacle and two 5-volt DC USB ports that work with USB 2.0 and 3.0 compatible devices.

2.1-amp USB type A receptacle charges three times faster than other USB receptacles.

Eliminates the need for bulky AC adapters.

Back and side wire terminals add wiring flexibility.

Available in all P&S Decorator style colors.

TM8USBWCC6

Overall size is the same as a conventional combination device, accepts standard wall plates and easily replaces existing duplex receptacles.

Tamper-Resistant, patented shutter system prevents improper insertion of foreign objects. Meets 2011 National Electrical Code® Tamper-Resistant requirements.
