## Decora Home Controls®

### Brand Features

A series of intelligent lighting and appliance control components, Decora Home Controls (DHC) combine the best of all worlds. DHC components require no new wiring because they use the power-line wires that are already in your home to communicate with each other. To make them thoroughly dependable, Leviton added its acclaimed Intellisense signal integrity technology to proven Power-line Carrier design. DHC switches, dimmers and scene controllers are as easy to use and as reliable as conventional devices – and feature aesthetically pleasing Decora designer styling. It's the "smart home" technology approach that's also exceptionally smart in styling and value. The 300W Incandescent Scene-Capable Plug-In Dimming Module provides one-button programming through address capturing. Provides manual and remote ON/OFF switching and remote full-range dimming for plug-in incandescent lamps. It responds to ON, OFF, DIM, BRIGHT, ALL LIGHTS ON/ALL OFF and SCENE LIGHTING commands. No wiring necessary; plugs into 15 Amp AC outlet allowing local control of any lamp plugged into it. Provides Scene Control capability when used with DHC Scene Controller HCCS7-1TW and HCCPG-1TW DHC Toscana Deluxe Programmer. Also backward compatible with 16400/16450-S and 16400/16450-SD DHC Scene Controllers.

### Item Description

DHC 300W, 120 Volt, NEMA 1-15R, Scene-Capable Dimming Plug-In Lamp Module Receiver, 1-Way Communication - White

### Technical Information

#### Electrical Specifications

**Line Type:** Green Line

**Communication:** 1-Way

**NEMA:** NEMA 1-15R

**Protection:** Intellisense Technology

**Load Rating:** 300W

**Voltage:** 120 Volt

**Output Frequency:** 120 KHz

#### Standards and Certifications

**X-10 Code Format:** Standard and Extended (XTC798)

**UL Listed:** File E313173

**CSA Certified:** File LR3413

**NOM:** 057

### Material Specifications

**Color:** White

### Product Features

**Device Type:** Plug-In Lamp Module

**Feature:** Scene-Capable Dimming

**Communication:** 1-Way

**Line Type:** Green Line

**NEMA:** NEMA 1-15R

**Load Rating:** 300W

**Voltage:** 120 Volt

**Output Frequency:** 120 KHz

**Protection:** Intellisense Technology

**Color:** White

**Standards and Certifications:** UL/CSA

**Warranty:** 2-Year Limited

**Notes:** Incandescent Load ONLY

**X-10 Protocol Compliant:** Yes

### Features and Benefits

- Soft ON/Fade OFF feature provides smooth brightness level changes and extended bulb life.

- Plug-in Lamp Module adds convenience of remote ON/OFF and DIM/Bright DHC switching capability to plug-in incandescent lamps.
- Preset feature turns lights ON at last selected brightness level; eliminates the need to readjust settings each time dimmer is switched ON
- Provides one-button programming through address capturing.
- HCP03-10W responds to Leviton's DHC controllers as well as any X10 compatible controllers from any other manufacturer.
- Leviton's patented Intellisense Technology greatly improves reliability and reduces false responses compared to other manufacturers' products by virtually eliminating signal problems due to noise.
- Green locator LED illuminates when signal is sent.
- White ONLY
- Protected memory maintains light levels during minor power fluctuations
