CORNER

Find yourself flipping through the Rack-A-Tiers catalog wishing you thought of that tool, or frustrated that you thought of that idea first? Well, here's your chance to put your ideas into action.

Rack-A-Tiers launched Inventor's Corner for creative folks like you to pitch ideas and read testimonials from past inventors.

We pride ourselves on being the most innovative and unique tool company in the electrical industry. As we continue to grow, more and more electricians approach us with great ideas. We would love to see every electrician get his or her idea into the market and will do everything in our power to make that happen. Even if Rack-A-Tiers is unable to add your idea to our product line, we have the experience and knowledge to provide advice for your next move as an inventor.

Check out the Inventor's Corner at rack-a-tiers.com/inventors and who knows maybe in next year's catalog your product could have a full-page spread.
